1 Introduction & Responsible Lending

The purpose of this document is to provide guidance on our Lending Criteria which is part of the framework in place to ensure that we have complete confidence in the applicant's ability and willingness to repay at the time of application and a high degree of confidence in their continuing ability to repay during the life of the account. It also ensures we operate within the agreed risk appetite of the business. We reserve the right to amend this document at any time without notice.

Some loans may be of a more complex nature requiring a full risk assessment by an experienced Underwriter. This document provides the guidelines that are used to determine the lending decision but as each application is unique, additional information/references may be requested to finalise the lending decision. We may on occasion need to decline an application even if it appears to fall within these lending criteria.

Additional references needed to apply the criteria include Mortgage Charges Tariff, and the list of currently available mortgage products.

1.1 Responsible Lending

This document incorporates the principles of responsible lending and the fair treatment of customers. It clearly states the factors that we will take into account when assessing an applicant's ability to repay and to lend only where the mortgage is assessed as being affordable.

1.2 Documents Used to Support the Lending Decision

The maximum acceptable age for documents used to support lending is shown in the table below:

Document type	Age at release of completion funds
Application form	Signed within the last 6 months
Employer/accountant's reference	Signed within the last 6 months
Bank Statements	Most recent one issued within the last 6 months
Payslips	Most recent one issued within the last 6 months
Valuation report	Signed within the last 6 months
Credit search	Carried out within the last 6 months

1.3 Buy to Let Loans

Customers applying for Buy to Let loans must meet the lending criteria set out for mainstream lending but will also be subject to additional criteria outlined in Section 6 Buy to Let.

2 The Loan

2.1 Minimum Loan

The minimum loan amount is £25,001 but sometimes product specific minimum loans will also apply.

2.2 Maximum Loan

2.2.1 Maximum Loan Limits

The maximum normal loan is £1,500,000. Where the loan amount is in excess of £500,000 additional requirements may be requested once the application has been fully assessed.

2.2.2 Income Multiple Limit on Loan Amount

The maximum income multiple permitted on total gross verified income is as follows;

Applications with a LTV less than or equal to 80% (incorporating any fee's added) the maximum multiplier of 4.85 can be considered.

Applications that do not meet the above criteria would be considered for the maximum 4.49 multiplier.

All applications are subject to a full affordability assessment.

2.3 Loan Purpose

Applications will be considered for the purchase, refinance or remortgage of an applicant's main residence and will be secured by way of a first charge. Remortgages can be considered, the reason for the additional borrowing should be detailed on the application form. Please refer to Section 2.5.3 for full details.

2.4 Loan Term

The minimum term is 5 years and the maximum term is 40 years. This will also be dependent on the applicant's ages. We will lend where the term goes beyond the applicant's retirement age if the projected or actual pension income is sufficient to support the loan.

2.5 Loan to Value

The Loan to Value ratio is calculated on the lower of the purchase price or property valuation*¹.

There are 4 areas that affect the maximum limits:

2.5.1 LTV by Loan Size

Loan size	Max LTV
Up to £500,000	90% subject to criteria listed below: <ul style="list-style-type: none"> • House purchase or remortgage only, not permitted for Further Advance. • Only available on a capital and interest basis. • No mortgage arrears. • No arrears on any other credit agreement within the last 12 months.
£500,001 to £750,000	85%
£750,001 to £1,000,000	75%
£1,000,001 to £1,500,000	70%

¹ All sale incentives must be deducted from the purchase price used to calculate Loan to Value

2.5.2 LTV by Repayment Basis

Interest only is not available on our mainstream products for new or additional borrowing. Existing mainstream Platform customers with an interest only mortgage product can transfer this interest only amount to a new purchase providing they can demonstrate a credible repayment strategy and the loan does not exceed £500,000 or 75% LTV.

2.5.3 LTV by Loan Purpose

For mainstream purchase, remortgage and further advance cases, the LTV will also be subject to the following limits:

Purpose	Maximum LTV
Purchase main residence	90%
Remortgage only (replacing the existing mortgage £ for £) main residence	90%
Remortgage and purchase additional legal interest (buy out partner) main residence	90%
Home improvements main residence	85%
Purchase second residence for family use only	75%
Capital raising debt consolidation	75%
Capital raising (other)	75%
Capital raising for business or speculative purposes	Not available

2.5.4 LTV by Property Type

- For any house/bungalow that has been newly built or converted in the last 2 years or is to be occupied for the first time, the maximum LTV is 85%.
- For any flat or maisonette that has been newly built or converted in the last 2 years or is to be occupied for the first time, the maximum LTV is 75%.

The application fee may be added to the mortgage except where the total amount of borrowing, including the application fee, exceeds 90% of the lower of the purchase price or property valuation.

2.6 Source of Deposit

For all house purchase applications, including first time buyer applications, the source of the deposit must be captured. The deposit should be provided from the applicants own funds. For clarity, funds withdrawn from a business are not considered acceptable. Loans, credit cards, secured loans/mortgages and other forms of credit are not acceptable as the source of the deposit. The only exception to this is for members of the Armed Forces, where deposit funded via the Forces Help to Buy Scheme will be acceptable.

Proof of deposit may be required prior to approving an application where the deposit is not wholly funded by the equity from the sale of the applicant's current property. This should be in the form of bank statements, building society passbook held in the applicant's name showing a build-up of funds or proof of investment. The source of any lump sum may be queried.

Gifted deposits are acceptable providing that the deposit is being funded by a non-repayable gift from a family member – spouse, partner, parent, sibling, child, grandparent, aunt/uncle, nephew/niece, or where there is an obvious family connection which can be proved. The donor will be required to sign an appropriate declaration and may be required to evidence available funds. Builder's deposit of up to 5% of the purchase price is acceptable. The maximum loan is calculated on the agreed purchase price less the total builder deposit. Sellers deposit is not acceptable.

For loans in excess of £500,000 we do not accept either a gifted deposit or deposit funded by capital raised on any other property owned by the applicant.

2.7 Right to Buy and Right to Acquire

We do not lend on either Right to Buy (RTB), Right to Acquire Schemes or property that is still in the pre-emption period.

2.8 Deed of Gift and Transfer at Undervalue

If the price being paid for the property is less than the full market value, we can lend providing that:

- The loan is calculated on the purchase price.
- All the other aspects of Lending Criteria are satisfied.
- A purchase from a family member can be considered providing that the vendor will not be remaining in the property after completion.
- We will require proof from the family member's lender that their mortgage is up to date; if there are any arrears the case will be declined.
- We may require a defective title indemnity policy.

2.9 Solicitors

We will use the applicant's solicitors providing they are on our panel. If the applicants wish to use a solicitor who is not on our panel, we will require one of our panel solicitors to act for us at the applicant's expense.

2.10 Direct Debit Mandates (DDM)

We will only accept one single Direct Debit per mortgage account. The DDM must be on the applicant's personal account only. DDMs from business accounts are not acceptable.

3 The Applicant

3.1 Credit Scoring

All applications must pass our credit score.

3.2 Affordability Assessment

All applications are subject to affordability assessment. The model uses the combination of total annual income, non-mortgage commitments, outgoings and subsistence to calculate affordability. The result is then used to ascertain whether or not the loan is affordable.

The maximum loan available will be calculated based on both the affordability results and the product/LTV criteria available.

For the purpose of affordability, a dependent is defined as someone not named on the mortgage but who is financially supported by a party to the mortgage.

3.3 Minimum / Maximum Age

Minimum Age at application is 18 years.

Maximum Age at expiry of mortgage term is 75. For customers retiring during the mortgage term, the application will be referred an underwriter to assess affordability on projected or actual retirement income.

3.4 Residency

All borrowers must have an unrestricted right to live and work permanently in the UK.

The mortgage applicant(s) must usually be resident in the UK at the time of application and at least one of the applicants must be permanently residing or planning to reside in the property when the mortgage completes. We do not offer mortgages for expatriates.

If the applicant(s) are not subject to UK or Guernsey tax, then they are not normally acceptable.

Where the applicant is a non-EU national then the application may be acceptable where all of the following apply:

- Applicant is subject to UK tax laws.
- Applicant is not a Foreign Diplomat or Embassy Staff.
- Applicant has lived in the UK for a minimum of 2 years.
- Applicant has proof of indefinite leave to remain in the UK.

All persons over 17 who plan to reside in the property must sign a Deed of Consent. Applicants and solicitors are required to tell the Bank of any changes to the proposed occupancy between the date of application and completion.

3.5 Number of Applicants

The maximum number of applicants is two who, for Residential mortgages, should both be occupying the property on completion.

3.6 Married/ Cohabiting Applicants

We will allow applications in sole names for married, common law or civil partners. All persons detailed on the Title Deeds must be party to the mortgage.

3.7 First Time Buyer Definition

Our definition of a first time buyer is an applicant who has never acquired an interest in property anywhere in the world. Any First Time Buyer who requires a loan in excess of 75% LTV must have been in their current employment for a minimum of 6 months. For joint applications involving a FTB requiring a loan in excess of 75% LTV, the main earner must have been in their current employment for the minimum 6 months.

3.8 Credit Bureau Searches

A credit search against all UK addresses occupied by each of the applicants over a period of 3 years prior to the date of the application will be carried out by us. In addition a credit search will be carried out on any undisclosed addresses. Should any additional name or address information arise during the application the case will be reassessed and the decision may be changed.

If the applicants do not appear on the voters roll and there is no active credit information at their current address, we will decline the case.

We will not consider any applicant who:

- Is bankrupt, has bankruptcy proceedings pending, or who is registered on the Scottish Debt Arrangement Scheme.
- Has been discharged from bankruptcy within the last 6 years.
- Has an individual voluntary arrangement (IVA) or a Trust Deed (TD) or Administration Order, recorded during the last 6 years.
- Has an unsatisfied CCJ or default.
- Has a satisfied CCJ/Default recorded during the last 6 years where the total value of the judgment is more than £100. The Scottish equivalent is a Decree (DEC) and the same rules apply.
- Has any type of repossession.

3.9 Previous Lenders and Landlords References

Details of any mortgages currently held or redeemed within the last 12 months should be detailed on the application form. Proof of payment for the most recent 6 months will be required. Where the applicants are living in rented property, we reserve the right to request a reference.

3.10 Secured, Unsecured and Revolving Credit

One missed payment in the last 12 months can be considered provided the application still passes credit score and a satisfactory explanation is received by the underwriter. Any payment less than the contractual monthly amount will be classed as a missed payment. Mortgage payments made by housing benefits are not acceptable.

3.11 Bank Statements

Bank statements will be requested to support all applications. Internet bank statements are acceptable. Where statements are also required for ID purposes, these should comply with the Bank's standard [ID requirements guidelines](#).

3.12 Retaining Existing Properties

Applications where the applicant wishes to retain an existing property (mortgaged or not), the former marital home, rent out the property, or owns a second home will be considered. The following conditions will apply:

- We do not lend to individuals who own more than 10 BTL properties.
- Where a loan is greater than £500,000 we will not accept applications where any part of the deposit is being raised against any existing property (including current residence, any Buy to Let, second home etc.) or is coming from a gift.
- All mortgages and property details must be disclosed on the application form.
- The existing mortgage(s) must have had no missed payments in the last 12 months and be up to date.
- Where the property is currently owner occupied and is now to be rented out (i.e. Let & Buy scenario), mortgages are only available where the customer is not a first time landlord and owns other Let properties. Also a rental certificate or written confirmation as to the anticipated rental figure must be obtained from an ARLA/NAEA registered independent third party, addressed to Platform, to confirm the rental income is sufficient to cover the 125% of the retained mortgage payment on an interest only basis. Applicant's income must also be sufficient to service 50% of the remaining mortgage as a commitment (added into the affordability calculation). The maximum LTV in this scenario is 75%. Surplus rental income over and above the relevant mortgage payment cannot be taken into account as additional income.

OR

- Applicant's income must be sufficient to service the remaining mortgage as a commitment (added into the affordability calculation). If this amount is increasing as a result of a remortgage transaction i.e. to raise funds for the deposit, the higher monthly mortgage payment must be provided and used in this calculation.
- All existing investment mortgages will be treated as self-funding.

3.13 Criminal Convictions

If the borrower makes us aware of any criminal conviction (other than a driving offence) or there is a pending prosecution, the application may be declined.

3.14 Guarantors

We do not accept guarantors.

4 The Security

4.1 Property

Platform will lend on property that is built of standard construction as advised by the valuer. We must have a First Charge over the security property and the security must be in England, Scotland or Wales. The property must be Freehold, Leasehold or Absolute Owner. Leasehold properties should have a minimum unexpired lease of 30 years after the end of the mortgage term and a minimum of 70 years at the time of application.

Property with 2 kitchens or Granny annexes will be considered on mainstream loans as long as the immediate family of the borrower will occupy, it is suitable for the type of security and no one other than family members appear on the voter's roll (for remortgages).

The property must be insured for the full reinstatement value as recommended by the valuer in the report. Applicants arrange their own insurance. For Leasehold flats - Platform will only accept leasehold flats where the Buildings Insurance is arranged by the Freeholder or Management Company under the terms of the Lease for the whole block.

- The property must have passed a final inspection by a new home warranty provider prior to completion of the loan.

Builder's deposit/incentive schemes can be considered. The maximum loan amount is calculated based on the agreed purchase price less the total builder deposit and any incentives. The deposit provided by the applicant is then calculated on this net figure and is based on the products maximum LTV (subject to affordability and scheme parameters).

Builder deposits secured by way of second charge will not be acceptable.

Rental guarantees from builders are not acceptable.

Houses built within the last 10 years or newly converted property must hold an acceptable guarantee/certificate. 4.4 Valuation

The minimum property valuation is £75,000.

All applications will be checked to see if they meet Platform's Automated Valuation (AVM) criteria. Those that do will then need to 'pass' the appropriate parameters and if satisfactory a physical inspection/valuation will not be required.

A physical valuation is valid for 6 months from the date of inspection.

4.5 Retaining Advance Monies (Retentions)

Where the property is not currently suitable for lending, the only option we can offer is for the applicant to do the work before we release any funds (works first basis).

4.6 Residential Property With Land or Outbuildings

Normal lending terms apply to properties up to three acres, providing the applicant does not intend to carry out a business from the property and there are no agricultural restrictions on the land or buildings.

As investment properties are income-producing, the applicants must be in a position to support their existing residential mortgage and other personal commitments. Applicants are required to disclose their full employment/self-employment details including their income on the application form and proof of income will be requested. - Standard rate tax payer (20%) – 128% ICR
- Higher/Additional rate tax payer (40% & 45%) – 145% ICR

- The property was purchased prior to January 2017
- No further borrowing after January 2017

To determine the appropriate ICR to apply, the Bank will make an assessment of the customer's total gross income taking into consideration the proposed BTL security. This will incorporate the full income details provided, rental income and Banks assumed costs of the proposed security.

We must have the latest computerised pay slip to evidence declared income for employed applicants and the most recent SA302 (hard copy or self-service version) AND Tax Year Overview or accountant's letter to evidence declared self-employed income.

6.6 Applicant

Minimum age of applicant is 25 at application. Maximum age is 75 at the expiry of the mortgage term.

Minimum time in current employment 6 months, minimum trading period for self-employment 2 years.

The Bank will not lend to portfolio landlords. This is based on the PRA definition (SS13/16) of portfolio landlords which is four or more buy-to-let properties.

The Bank will therefore not lend to individuals who own/or will own more than 3 BTL properties including the application security, as applicants will be classed as a portfolio landlord.
